

How to Bulk Edit

Update your campaigns in a single step with Bulk Update. Rather than going into each campaign to make an adjustment, you can easily:

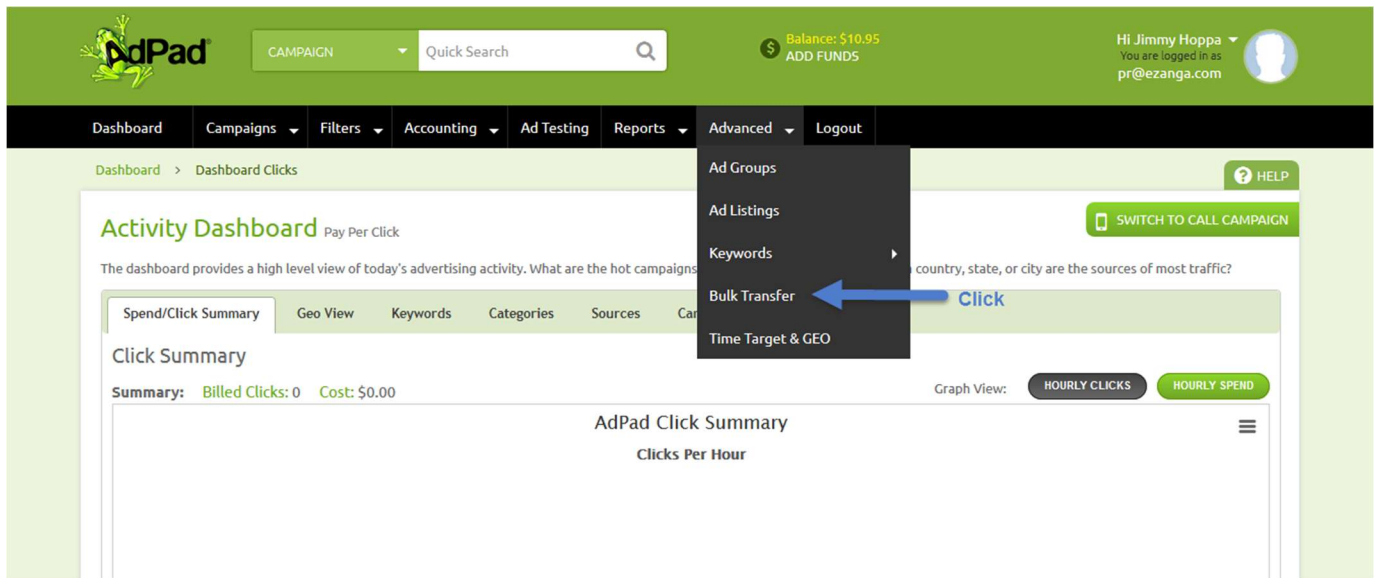

- Turn campaigns on and off.
- Change or edit your keywords.
- Make changes to multiple campaign names and/or budgets.

1. Login to AdPad®

At the bottom, there is a login form with fields for "User ID" (containing "username@domain.com"), "Password", and a "Remember Me" checkbox. A "Forgot Password" link is also present.
